nexo standards support European payments standardisation

We are aligned with the European Payment Council's goal of **supporting and promoting the integration and development of European payments**

nexo has renewed the **Label of Conformance** with the Volume of the European Payments Stakeholders Group

S€PA
80%
of our
members
are in SEPA

We are working with other **European Standardisation Organisations** in jointly developing standards to support payment acceptance standardisation across SEPA

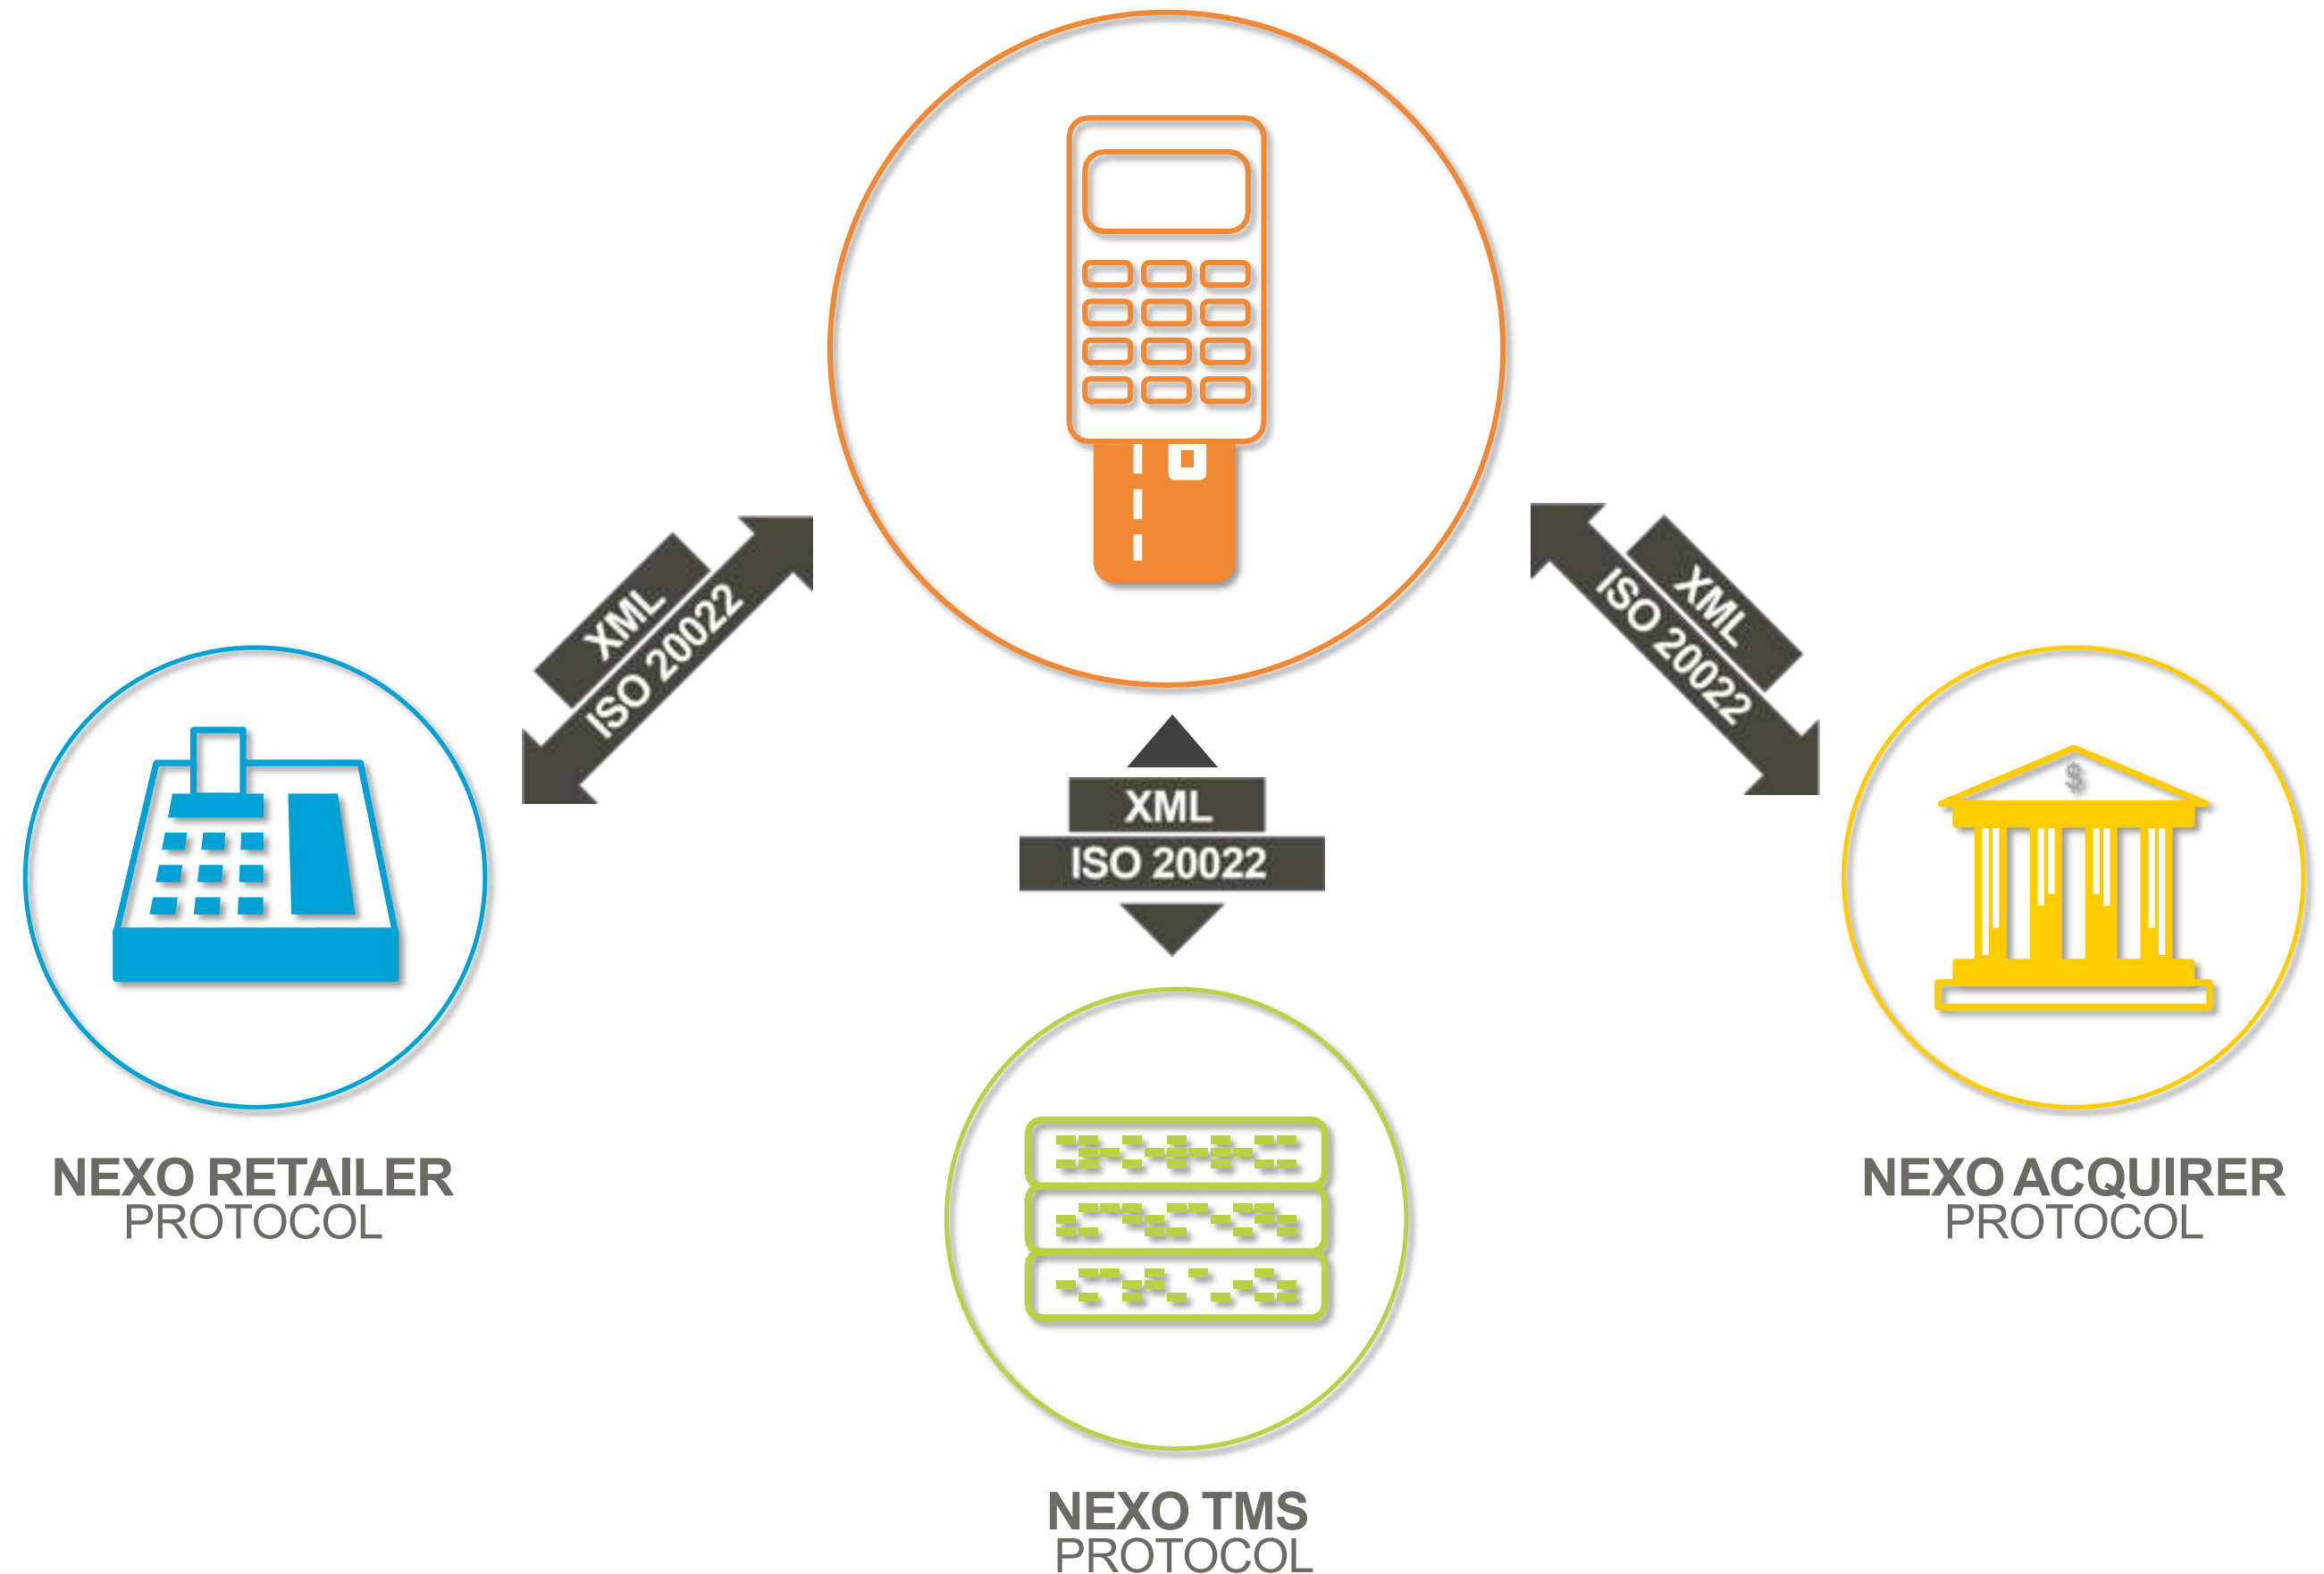

This is what
nexo
standards
delivers

Standardisation
Harmonisation
Interoperability

Standardising message exchanges between stakeholders in the payments process

**NEXO FAST
SPECIFICATIONS**

Deployed in Europe but not only
